

SITE SAMPLES AND CLEANUP ADVICE

A missed hazard can draw a claim.

You assess sites, collect samples and advise on environmental conditions. Accepted technical duties and releases caused during field work need separate terms, with ordinary third-party injury distinct from professional or pollution claims.

RISKS WORTH DISCUSSING

- 01 Allegedly missed site contamination
- 02 Pollution spread during field sampling
- 03 Errors in environmental recommendations

Coverage worth discussing

Professional liability

Covered claims alleging accepted environmental-consulting errors.

General liability

Covered nonprofessional injury from accepted site activities.

Workers compensation

Work-injury benefits for eligible field employees.

Environmental liability

Covered cleanup under accepted field-release terms.

Inland marine

Insured monitoring gear during accepted field assignments.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
