

RETAIL FUEL STATION OPERATIONS

A forecourt spill can spread beyond pumps.

You operate an ethanol station with dispensers, canopy, and point-of-sale systems for flex-fuel vehicles and consumer convenience.

RISKS WORTH DISCUSSING

- 01 Forecourt fire and vapor ignition
- 02 Card skimming and payment data breach
- 03 Customer injuries at the dispensers

Coverage worth discussing

Commercial property

Insured station property after covered physical damage.

Environmental liability

Covered cleanup involving accepted forecourt releases.

Equipment breakdown

Covered internal failures of accepted dispensing equipment.

General liability

Covered customer injuries under accepted station terms.

Cyber liability

Covered response to breaches of payment records.

Umbrella liability

Extra limits above expressly covered underlying liabilities.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
