

EQUIPMENT MAINTENANCE

Customer tractors can be damaged in repair.

You repair tractors and implements in the shop or field. Customer-machinery custody needs specific terms alongside tools, buildings and repair liability.

RISKS WORTH DISCUSSING

- 01 Customer machinery damaged in care
- 02 Faulty-repair liability claims
- 03 Shop fires from welding or fuel

Coverage worth discussing

Garage liability

Covered liability for accepted repair-shop operations.

General liability

Covers general injury or property-damage related claims.

Commercial property

Insured repair-shop buildings after covered physical loss.

Inland marine

Declared mobile tools or diagnostic gear after covered loss.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
