

FLOORING STOCK AND CUSTOMER INSTALLATIONS

A floor job can damage a home.

You sell flooring and may manage installation crews in customer properties. Declare the actual work and material stages; resulting property damage, delivery liability and redoing faulty work are distinct interests.

RISKS WORTH DISCUSSING

- 01 Damage during flooring installation
- 02 Materials damaged in transit
- 03 Road crashes during deliveries

Coverage worth discussing

General liability

Resulting harm from expressly accepted flooring operations.

Commercial auto

Covered road liability for accepted material-delivery vehicles.

Commercial property

Insured showroom stock after covered physical damage.

Inland marine

Insured materials under accepted transit/job-site terms.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
