The Southern Agency
Insurance & Bonds

FROZEN BAKERY MANUFACTURING

Ovens and freezers link a pastry run.

You mix, laminate, bake or freeze pastries for later sale. Oven fires, shared allergens and failed freezing equipment create different plant, product and cold-stock interests.

RISKS WORTH DISCUSSING

01 **Oven and bakery production fires**

02 **Allergen cross-contact triggering recalls**

03 **Freezer failure spoiling finished goods**

FROZEN PASTRY PRODUCER INSURANCE

Coverage worth discussing

Commercial property
Insured ovens and declared stock after covered damage.

Products liability
Covered resulting harm from supplied frozen pastries.

Equipment breakdown
Covered internal failures of accepted lamination or cooling gear.

Commercial package policy
Selected property and liability for accepted production duties.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
