

FROZEN MEAL MANUFACTURING

Shared ingredients connect meal lots.

You assemble multi-ingredient frozen meals. Supplier contamination, label errors and cooling failures affect several recipes; withdrawal and spoilage interests need express terms.

RISKS WORTH DISCUSSING

- 01 **Complex ingredient-driven product recalls**
- 02 **Supplier-introduced meal contamination exposure**
- 03 **Refrigeration failure ruining finished meals**

Coverage worth discussing

Products liability

Covered resulting harm from supplied frozen meals.

Equipment breakdown

Covered internal failures of accepted kettles or freezers.

Commercial property

Insured food-production assets after covered damage.

Umbrella liability

Extra limits above expressly covered underlying liabilities.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
