

KITCHEN AND DINING ROOM SERVICE

Kitchen grease can fuel a fire.

You prepare meals and serve diners across kitchen and dining areas. Cooking fires, food injury claims and staff accidents need terms matching actual service activities.

RISKS WORTH DISCUSSING

- 01 Kitchen grease system fires
- 02 Guest slip and fall
- 03 Foodborne illness liability claims

Coverage worth discussing

Workers compensation

Work-injury benefits for eligible kitchen or service staff.

General liability

Covered guest injuries from accepted restaurant activities.

Commercial property

Insured kitchen or tenant assets after covered damage.

Equipment breakdown

Covered internal failures of accepted ovens or chillers.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
