

DISTRIBUTED FURNITURE STOCKS AND DELIVERY

A delivery can damage flooring.

You move rented furniture into homes and offices, leaving stock across customer sites. Insured locations, transit and installation duties need distinct terms, with road liability separate from furniture damage.

RISKS WORTH DISCUSSING

- 01 Third-party damage during delivery
- 02 Fire damage to stock at client sites
- 03 Employee strains on delivery stairs

Coverage worth discussing

Commercial property

Insured warehouse and stored stock after covered damage.

General liability

Covered resulting harm from accepted delivery/setup activities.

Workers compensation

Work-injury benefits for eligible delivery employees.

Inland marine

Insured rental furniture at expressly accepted customer locations.

Commercial auto

Covered road liability for accepted furniture-delivery vehicles.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
