The Southern Agency
Insurance & Bonds

FAMILY RECORDS, UPLOADS AND MATCHING

Uploads can expose family data.

You connect historical records and member-uploaded family trees. Actual matching, publication and any genetic data need accepted terms; subscription refunds and defined funds theft are different interests.

RISKS WORTH DISCUSSING

01 **Unauthorized publication of private records**

02 **Exposure of accepted sensitive family data**

03 **Claims involving matching or uploaded content**

GENEALOGY WEBSITE INSURANCE

Coverage worth discussing

Cyber liability
Covered response/privacy claims for accepted data types.

General liability
Covered nonprofessional office physical claims.

Professional liability
Claims under accepted matching/media-service terms.

Crime insurance
Defined theft/fraud of expressly insured money interests.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
