The Southern Agency
Insurance & Bonds

SURGICAL, EMERGENCY AND INPATIENT CARE

Power faults can interrupt care.

You coordinate emergency, surgical and inpatient services. Hospital entities, clinicians and reporting terms need accepted clinical protection alongside physical assets, critical generators and patient-data interests.

RISKS WORTH DISCUSSING

01 **Critical medical equipment system failure**

02 **Protected patient health information breach**

03 **Hospital workforce lifting and needlesticks**

GENERAL ACUTE CARE HOSPITAL INSURANCE

Coverage worth discussing

Professional liability
Specialist clinical liability for accepted hospital services.

Cyber liability
Covered health-record breach response and privacy claims.

Commercial property
Insured hospital buildings and equipment after covered damage.

Equipment breakdown
Covered internal failures of accepted critical generators.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
