

GROCERY DISTRIBUTION AND STORAGE

Cooling failures can spoil grocery stock.

You distribute dry, chilled and frozen groceries. A shared refrigeration failure, mixed-load loss or contaminated lot can disrupt several orders.

RISKS WORTH DISCUSSING

- 01 One event affects several zones
- 02 Mixed loads are damaged
- 03 A supplier recall spreads

Coverage worth discussing

Commercial property

Insured warehouses and declared dry or chilled stocks.

Motor truck cargo

Declared mixed grocery loads after covered transit losses.

Workers compensation

Employee injury benefits for warehouse or driving duties.

Equipment breakdown

Covered internal failures of refrigeration-zone systems.

Products liability

Address covered consumer injury or damage.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
