

HERD AND PRODUCTION

Escaped goats can cause road accidents.

You raise goats for milk, meat or fiber. Herd losses, milking machinery and harm from sold products involve distinct insurance interests.

RISKS WORTH DISCUSSING

- 01 Escaped goats and road liability
- 02 Herd predators and disease
- 03 Milking and refrigeration failure

Coverage worth discussing

Products liability

Covered harm from accepted milk, meat or fiber sales.

General liability

Covered visitor or animal-escape liability claims.

Equipment breakdown

Covered internal failures of milking or cooling machinery.

Commercial auto

Covered road liability for declared farm vehicles.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
