

INGESTIBLE PRODUCTS AND COUNTER ADVICE

A supplement can cause harm.

You sell supplements and may recommend what customers take or combine. Product lines, staff advice and any private-label/import roles need acceptance; cooler repair and spoiled stock are separate interests.

RISKS WORTH DISCUSSING

- 01 Reactions to ingested supplements
- 02 Allegedly harmful counter advice
- 03 Temperature-sensitive stock damage

Coverage worth discussing

Products liability

Resulting injury from expressly accepted supplement lines.

Commercial property

Insured supplement stock after covered physical damage.

Professional liability

Covered advice claims for expressly accepted staff roles.

Cyber liability

Covered customer-data breach response and privacy claims.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
