TESTING, FITTING AND LOANER DEVICES

A fitting error can harm hearing.

You test hearing and fit or program devices for patients. Accepted clinical services, insured practitioners and loaner custody need distinct terms, alongside patient records and damage to valuable stock.

RISKS WORTH DISCUSSING

01 **Alleged testing or fitting errors**

02 **Damage to loaners in patient custody**

03 **Breaches of sensitive hearing records**

HEARING AID CENTER INSURANCE

Coverage worth discussing

Professional liability
Accepted testing/fitting terms for insured practitioners.

Commercial property
Insured devices and fixtures after covered damage.

General liability
Covered nonclinical injury at accepted center premises.

Inland marine
Declared loaners under accepted transit/custody terms.

Cyber liability
Covered patient-data breach response and privacy claims.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
