

CRAFT STOCK, WORKSHOPS AND TOOLS

A workshop tool can injure a guest.

You sell craft materials and may host classes involving tools or flammable supplies. Declare teaching activities and products, with accepted class injury terms separate from stock damage and staff benefits.

RISKS WORTH DISCUSSING

- 01 Participant injuries during craft workshops
- 02 Fire involving flammable craft supplies
- 03 Resulting harm from sold tools or materials

Coverage worth discussing

General liability

Covered participant injury from expressly accepted workshops.

Products liability

Resulting harm from accepted craft/tool product lines.

Commercial property

Insured craft stock after covered physical damage.

Workers compensation

Work-injury benefits for eligible shop/workshop employees.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
