

TOOL RENTALS AND CUTTING STATIONS

A rental saw can injure a user.

You sell building materials and may rent tools or arrange installers. Describe rental uses and installation duties; resulting injury, stock damage and shop-machine failures need distinct acceptance.

RISKS WORTH DISCUSSING

- 01 Claims involving rental-tool defects
- 02 Disputes over arranged installation duties
- 03 Customer injuries at cutting stations

Coverage worth discussing

Products liability

Resulting harm from expressly accepted rental products.

Commercial property

Insured retail stock after covered physical damage.

Workers compensation

Work-injury benefits for eligible loading/cutting employees.

General liability

Covered injury from accepted retail/service activities.

Equipment breakdown

Covered internal failures of accepted store machinery.

Umbrella liability

Extra limits above expressly scheduled underlying liabilities.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
