

END-OF-LIFE CARE AND PATIENT VISITS

Medication custody needs clear terms.

You support patients at home or in facilities. Symptom management, staff travel and controlled-medication custody need distinct accepted clinical, vehicle and insured-ownership terms.

RISKS WORTH DISCUSSING

- 01 **Controlled-substance handling and diversion**
- 02 **Staff accidents during patient travel**
- 03 **Allegations of clinical care errors**

Coverage worth discussing

Professional liability

Specialist liability for accepted symptom-management services.

Workers compensation

Work-injury benefits for eligible hospice employees.

Commercial auto

Accepted road-liability terms for declared hospice visits.

Crime insurance

Defined theft losses involving expressly insured medications.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
