

WELL STIMULATION AND PUMPING

High-pressure pumping can damage site equipment.

Your pumps and blenders stimulate wells at busy pads. Fluid releases, internal breakdowns and accidental equipment damage need different accepted terms.

RISKS WORTH DISCUSSING

- 01 High-pressure line and pump failure
- 02 Frac fluid and flowback spills
- 03 Worker injury during pad operations

Coverage worth discussing

General liability

Covered third-party harm from accepted fracturing duties.

Commercial auto

Covered road liability for declared pumping-fleet vehicles.

Equipment breakdown

Covered internal failures of accepted pressure machinery.

Environmental liability

Covered releases under accepted frac-fluid or flowback terms.

Inland marine

Declared mobile pumping gear after covered physical damage.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
