Coverage worth discussing

General liability

Covers injury resulting from hot work.

Workers compensation

Covers injuries in confined-space work.

Products liability

Addresses damage after repair completion.

Commercial auto

Covered road claims involving boiler-service trucks.

Inland marine

Covers specialized tools at plant sites.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
