

DIVERSE INVENTORY MANAGEMENT

Technical products pose safety risk

You supply factories with a vast range of items. A defective chemical or tool can lead to injury claims post-sale.

RISKS WORTH DISCUSSING

- 01 Chemicals fuel a larger loss
- 02 A technical product injures a user
- 03 Small items add up

Coverage worth discussing

Commercial property

Insured warehouse and declared industrial-supply stocks.

Environmental liability

Covered releases of declared warehouse chemicals.

Products liability

Covered harm to others from supplied industrial products.

General liability

Covers accidents at your facility docks.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
