# Coverage worth discussing

## General liability

Covers injury from panel handling and lifting.

## Inland marine

Covers theft of panels or rigging gear.

## Products liability

Addresses damage caused by installed panels.

## Workers compensation

Provides medical benefits for work at height.

## Commercial auto

Covers liability for trucks hauling panel loads.

## Umbrella liability

Adds liability limits for installation work.

Coverage is subject to policy terms and exclusions.

## Why The Southern Agency

### 01 Listen

We review your operations, coverage and past claims.

### 02 Assess

We look at hazards and ways to reduce risk.

### 03 Build

We compare carriers, premiums and audit terms.

### 04 Support

We revisit coverage as your work changes.
