Coverage worth discussing

General liability

Covers third-party injury during installation.

Environmental liability

Addresses pollution claims from foam materials.

Products liability

Covers damage caused by an installed product.

Workers compensation

Benefits for crews in tight, hot spaces.

Inland marine

Protects blowers and rigs against theft.

Umbrella liability

Provides additional limits for business claims.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
