

CROSS-BORDER MAIL AND CARRIER HANDOFFS

A border handoff can lose mail.

You consolidate mail and parcels across borders. Map each carrier, mode and custody stage; domestic property terms alone do not establish overseas cargo protection or insure every customs delay.

RISKS WORTH DISCUSSING

- 01 Physical parcel loss at handoffs
- 02 Errors in customs documentation
- 03 Exposure of shipment records

Coverage worth discussing

Inland marine

Mail/cargo interests at expressly accepted stages.

Commercial property

Insured sorting premises and owned equipment.

Professional liability

Claims from accepted forwarding/documentation work.

Cyber liability

Covered shipment-record response and privacy claims.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
