

CLIENT OFFICES AND CONFIDENTIAL FILES

A handoff can expose private files.

You carry files and supplies between client offices. Paper-file privacy and custody need express terms, apart from dispatch-system records; office visits, road use and worker injuries have different roles.

RISKS WORTH DISCUSSING

- 01 Cart damage at client offices
- 02 Misdelivery of confidential folders
- 03 Road collisions between branches

Coverage worth discussing

General liability

Covered non-auto injury/property claims at client sites.

Commercial auto

Covered road liability for accepted messenger use.

Workers compensation

Benefits for qualifying courier work injuries.

Cyber liability

Privacy response for expressly accepted records.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
