

DYES, ADHESIVES AND MOBILE RESTORATION

A dye error can ruin client goods.

You clean, repair or recolor leather in your shop or at client locations. Custody and processing damage need express terms, with actual item values, mobile driving and employee duties identified separately.

RISKS WORTH DISCUSSING

- 01 Damage to leather items being treated
- 02 Adhesive or dye-related fires
- 03 Road collisions during mobile service

Coverage worth discussing

Business owners policy

Eligible shop property and premises liability together.

Workers compensation

Work-injury benefits for eligible leather-repair employees.

Inland marine

Insured client goods under accepted custody/processing terms.

Commercial auto

Covered road liability for accepted mobile-service vehicles.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
