The Southern Agency
Insurance & Bonds

LUMBER STOCK, MILLING AND OFFLOADING

Sawdust ignition can spread a fire.

You handle lumber around milling machines, forklifts and delivery trucks. Declare actual processing and boom-offloading duties, distinguishing road liability, material damage and internal machinery failure.

RISKS WORTH DISCUSSING

01 Fire involving sawdust and lumber stock

02 Forklift or milling employee injuries

03 Claims involving delivery/offloading duties

LUMBER YARD INSURANCE

Coverage worth discussing

Commercial property
Insured lumber/property interests after covered damage.

Commercial auto
Covered road liability for accepted delivery trucks.

Inland marine
Insured lumber under accepted material-transit terms.

General liability
Covered third-party injury from accepted yard operations.

Workers compensation
Work-injury benefits for eligible yard/milling employees.

Equipment breakdown
Covered internal failures of accepted milling machinery.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
