The Southern Agency
Insurance & Bonds

CONVEYORS, SCANNERS AND ACCUMULATED MAIL

One failed sorter can stop a shift.

Your private facility moves mail through belts, scanners and docks. Value customer mail separately from owned machines; mechanical repair, scanning-data response and ordinary misrouting are distinct.

RISKS WORTH DISCUSSING

01 Internal sorter or conveyor failures

02 Employee injuries near moving belts

03 Fire affecting accumulated mail

MAIL SORTING CENTER INSURANCE

Coverage worth discussing

Equipment breakdown
Internal failures of accepted sorting machinery.

Commercial property
Insured buildings and owned sorting equipment.

Workers compensation
Benefits for qualifying sorting/dock work injuries.

Cyber liability
Covered scanning-system response and privacy claims.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
