The Southern Agency
Insurance & Bonds

INDUSTRIAL MEAT PROCESSING

Cutting lines can injure plant crews.

You cut and grind meat on refrigerated industrial lines. Pathogens, ammonia releases and machinery injuries affect different product, pollution and employee interests.

RISKS WORTH DISCUSSING

01 **Pathogen contamination recall exposure**

02 **Ammonia refrigeration system release**

03 **Severe mechanical cutting injuries**

MEAT PROCESSING PLANT INSURANCE

Coverage worth discussing

Products liability
Covered resulting harm from supplied processed meat.

Environmental liability
Covered cleanup under accepted ammonia-release terms.

Workers compensation
Work-injury benefits for eligible processing-line employees.

Equipment breakdown
Covered internal failures of accepted processing machinery.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
