Coverage worth discussing

Products liability

Covered patient injury from accepted medical devices.

Commercial property

Restores assembly areas after covered physical damage.

Cyber liability

Responds to breaches involving sensitive patient data.

Professional liability

Eligible claims from accepted technical-design services.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
