AIR AMBULANCE TRANSPORT

Patient-care errors can lead to claims.

Your flights combine urgent transport and clinical care. Aviation liability and medical malpractice need specialist forms alongside accepted base assets, medical devices and staff.

RISKS WORTH DISCUSSING

01 **Clinical patient care allegations**

02 **Onboard medical equipment failure**

03 **Scene loading technician injury**

MEDICAL EVACUATION FLIGHT INSURANCE

Coverage worth discussing

Professional liability
Specialist medical terms for accepted clinical-negligence claims.

Equipment breakdown
Covered internal failures under accepted medical-device terms.

Workers compensation
Employee injury benefits for accepted medical or ground duties.

Cyber liability
Covered patient-record breach response and privacy costs.

Commercial property
Insured base-stored medical supplies after covered damage.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
