

SHARPS, CLINICAL WASTE AND TREATMENT DUTIES

A sharps injury can harm a worker.

You collect sharps and clinical waste and may treat it. Declare accepted biological materials, treatment duties and any personal records; machine repair, reprocessing and release cleanup are separate.

RISKS WORTH DISCUSSING

- 01 Employee injuries from used sharps
- 02 Releases of accepted infectious waste
- 03 Internal autoclave-system failures

Coverage worth discussing

Environmental liability

Cleanup under expressly accepted biological terms.

Workers compensation

Benefits for qualifying sharps/handling injuries.

Cyber liability

Privacy response for expressly accepted records.

Commercial auto

Road liability for accepted clinical-waste use.

Equipment breakdown

Internal failures of accepted treatment machinery.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
