

COUNSELING AND PSYCHIATRIC EVALUATION

A judgment call can prompt a claim.

Your clinic provides counseling or psychiatric evaluation. Accepted clinician roles, prescribing and boundary-related terms need distinct review alongside sensitive records, premises and employment duties.

RISKS WORTH DISCUSSING

- 01 Clinical judgment or diagnosis claims
- 02 Disclosure of patient records
- 03 Therapeutic boundary violations

Coverage worth discussing

Professional liability

Specialist liability for accepted mental-health clinical services.

General liability

Covered nonclinical client or visitor premises injuries.

Cyber liability

Covered session-record breach response and privacy claims.

Employment practices

Covered employment allegations involving accepted clinic staff.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
