Coverage worth discussing

Products liability

Covers bodily injury and property damage from machines.

Equipment breakdown

Covered internal failures of fabrication machinery.

Inland marine

Covers equipment during transit to remote mine sites.

Commercial property

Protects fabrication facilities and completed equipment.

Workers compensation

Provides medical benefits for injured factory workers.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
