The Southern Agency
Insurance & Bonds

OFF-SITE MANUFACTURING

Transit and Set Hazards

You manufacture and install modules. Units must survive road transport and crane lifts before secure site connection occurs.

RISKS WORTH DISCUSSING

01 **Transit damage to finished modules**

02 **Setting and crane lift accidents**

03 **Water intrusion and tie-in defects**

MODULAR BUILDING CONTRACTOR INSURANCE

Coverage worth discussing

General liability
Addresses injury or property damage from work.

Builders risk
Addresses physical loss to work in progress.

Inland marine
Addresses loss to modules during transit.

Commercial property
Addresses loss to plant and raw materials.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
