

PRIVATE MAIL NETWORKS AND REGIONAL HUBS

A hub outage can halt routes.

Your private network links mail hubs and delivery routes. Define handoff custody and peak site values; shared-platform incidents, fleet liability and workforce duties can affect more than one location.

RISKS WORTH DISCUSSING

- 01 Road crashes across delivery routes
- 02 Physical mail loss during handoffs
- 03 Fire damage at a processing hub

Coverage worth discussing

Commercial auto

Covered road liability for accepted mail fleets.

Commercial property

Insured processing hubs and owned equipment.

Cyber liability

Covered routing-system response and privacy claims.

Motor truck cargo

Accepted mail under insured transit/custody terms.

Workers compensation

Benefits for qualifying network-employee injuries.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
