

PRODUCTION LEASE OPERATION

A wellhead leak can contaminate nearby soil.

You operate production wells and surface separators. Well-control costs, downhole interests and surface-fluid releases need terms distinct from declared above-ground equipment.

RISKS WORTH DISCUSSING

- 01 Uncontrolled wellhead pressure release
- 02 Produced water tank leakage
- 03 Remote compressor mechanical fire

Coverage worth discussing

General liability

Covered third-party harm from accepted surface-production duties.

Commercial property

Declared wellheads, separators and tanks after covered damage.

Environmental liability

Covered cleanup from accepted production-fluid releases.

Equipment breakdown

Covered internal failures of accepted field machinery.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
