

ORCHARD GROWING AND SALES

Frost and weather crop losses

You grow fruit and may run markets or U-pick fields. Growing-crop losses need distinct terms alongside visitor liability and packing assets.

RISKS WORTH DISCUSSING

- 01 Frost, hail, and storm damage
- 02 Visitor injuries during U-pick activities
- 03 Product and foodborne-illness exposure

Coverage worth discussing

Commercial property

Insured barns and declared cold-storage buildings.

General liability

Liability for visitors and market customers

Products liability

Covered consumer harm from accepted fruit products.

Inland marine

Declared harvest equipment after covered physical damage.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
