Coverage worth discussing

Products liability

Helps with injury claims involving workstation lift mechanisms.

Commercial property

Pays for damage to fabrication tools from fire.

General liability

Covers injury claims involving your furniture installation work.

Inland marine

Protects your finished furniture during transit to dealers.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
