Coverage worth discussing

Products liability

Covers injury claims resulting from your supplied products.

Commercial property

Pays for damage to your injection molding machinery.

Equipment breakdown

Covers internal mechanical failures of your packaging units.

Workers compensation

Covers employees injured during molding and assembly tasks.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
