The Southern Agency
Insurance & Bonds

MARINE ENERGY PRODUCTION

A storm can damage connected platform structures.

You operate offshore production platforms. Fixed or floating structures, marine transit, pollution and crew legal status require specialist terms for the declared operation.

RISKS WORTH DISCUSSING

01 **Fixed structure storm damage**

02 **Remote platform fire event**

03 **Hazardous crew evacuation needs**

OFFSHORE OIL PLATFORM INSURANCE

Coverage worth discussing

Commercial property
Specialist marine-property terms for declared platform structures.

Environmental liability
Covered offshore cleanup under accepted hydrocarbon-release terms.

Workers compensation
Crew injury arrangements matched to status and work location.

Inland marine
Declared shipments under expressly accepted marine-transit terms.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
