

ONLINE SUPPLEMENTS AND FULFILLMENT STOCK

A health product can cause harm.

You sell supplements or wellness devices online and may use outside fulfillment. Declare product, import/private-label and stock-ownership roles; recalls and vendor outages need distinct terms.

RISKS WORTH DISCUSSING

- 01 Reactions to accepted supplements
- 02 Damage to owned fulfillment stock
- 03 Order-data security incidents

Coverage worth discussing

Products liability

Resulting harm from expressly accepted health-product lines.

Commercial property

Insured owned stock at expressly included sites.

Cyber liability

Covered order-data breach response and privacy claims.

Inland marine

Insured shipments under accepted ownership/transit terms.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
