The Southern Agency
Insurance & Bonds

SOFTWARE AND COURSE HOSTING

A software failure can interrupt paid courses.

You build software and host courses for students, managing potential platform outages, intellectual property disputes, and sensitive learner data across your systems.

RISKS WORTH DISCUSSING

01 **Software defects and outages**

02 **Data breach and privacy exposure**

03 **Intellectual property content disputes**

ONLINE LEARNING PLATFORM INSURANCE

Coverage worth discussing

Professional liability
Eligible errors in accepted platform services.

General liability
Covered third-party injuries at insured offices.

Workers compensation
Work-injury benefits for eligible platform employees.

Cyber liability
Covered learner-data breach response and privacy claims.

Directors and officers
Covered governance claims in accepted insured capacities.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
