

LENS DISPENSING AND FINISHING EQUIPMENT

A lens error can lead to a claim.

You measure and fit lenses and may share space with eye-care practitioners. Accepted dispensing duties and insured people must be distinguished from examinations, machine failures and prescription records.

RISKS WORTH DISCUSSING

- 01 Allegedly incorrect lens measurements
- 02 Internal failures of edging equipment
- 03 Patient or prescription-record breaches

Coverage worth discussing

Professional liability

Accepted professional terms for insured dispensing services.

Equipment breakdown

Covered internal failures of accepted edging machinery.

Commercial property

Insured frames and fixtures after covered damage.

Cyber liability

Covered prescription-data response and accepted privacy claims.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
