

STRIPPING, EARTHMOVING AND SEDIMENT CONTROL

Moving ground can damage neighbors.

You remove soil and rock to expose mineral deposits and manage large working areas. Accepted stripping duties, ground movement and mobile plant need defined terms alongside actual sediment-release exposures.

RISKS WORTH DISCUSSING

- 01 Third-party damage from stripping work
- 02 Dozer or excavator damage
- 03 Sediment reaching neighboring waterways

Coverage worth discussing

General liability

Liability under accepted stripping and ground-movement terms.

Environmental liability

Covered cleanup under accepted sediment-release terms.

Inland marine

Insured dozers and excavators under accepted equipment terms.

Workers compensation

Work-injury benefits for eligible earthmoving employees.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
