

CLEARANCES, ESCORTS AND HEAVY-HAUL GEAR

A tall load can strike a bridge.

You move oversized freight along surveyed routes. Declare maximum units, escorts and loading duties; cargo repair, difficult recovery and infrastructure liability need their own accepted terms.

RISKS WORTH DISCUSSING

- 01 Bridge or overhead-line strikes
- 02 Physical damage to high-value loads
- 03 Rigging injuries during securement

Coverage worth discussing

Commercial auto

Covered road liability for accepted heavy-haul use.

Inland marine

Insured portable jacks and heavy rigging.

Umbrella liability

Limits above scheduled heavy-haul liability.

Motor truck cargo

Declared loads under accepted cargo-loss terms.

Workers compensation

Benefits for qualifying loading/rigging injuries.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
