# Coverage worth discussing

## Products liability

Help with injury claims from a failed seal.

## Commercial property

Protect plant facility and machining equipment.

## Equipment breakdown

Covered internal failures of molding or test equipment.

## Environmental liability

Cleanup for covered releases from declared products.

Coverage is subject to policy terms and exclusions.

## Why The Southern Agency

### 01 Listen

We review your operations, coverage and past claims.

### 02 Assess

We look at hazards and ways to reduce risk.

### 03 Build

We compare carriers, premiums and audit terms.

### 04 Support

We revisit coverage as your work changes.
