The Southern Agency
Insurance & Bonds

PRECISION SURFACE FINISHING

Overspray drift and fume exposure

You apply stains and coatings on client property. Mist can drift to cars, while chemical fumes affect building occupants.

RISKS WORTH DISCUSSING

01 Overspray drift damage

02 Solvent and rag fires

03 Fume air-quality exposure

PAINTING & FINISHING CONTRACTOR INSURANCE

Coverage worth discussing

General liability
Pays for covered overspray or injury claims on property.

Environmental liability
Helps with costs from chemical or solvent pollution.

Workers compensation
Covers staff medical and wage needs from work injury.

Inland marine
Covers your finishing tools against theft or damage.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
