

SEASONAL DRIVERS AND PEAK VAN LOADS

A curbside stop can cause a crash.

Your fleet makes repeated stops while parcel volumes change. Declare seasonal drivers, vehicles and peak loads; delivery custody ends under actual terms, not every shipping partner's deduction rule.

RISKS WORTH DISCUSSING

- 01 Collisions during repeated stops
- 02 Driver lifting or vehicle-exit injuries
- 03 Parcel theft at custody handoffs

Coverage worth discussing

Commercial auto

Covered road liability for accepted parcel fleets.

Motor truck cargo

Insured parcels at accepted custody stages.

General liability

Covered non-auto injury at accepted delivery sites.

Workers compensation

Benefits for qualifying driver/delivery injuries.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
