

PRESCRIPTION WORK AND COLD MEDICATION STOCK

An interaction can harm a patient.

You fill prescriptions and counsel patients using sensitive records. Accepted services and insured practitioners matter, with medication ownership, employee theft, cooler repair and spoilage reviewed separately.

RISKS WORTH DISCUSSING

- 01 Alleged dispensing/counseling errors
- 02 Damage to refrigerated medicines
- 03 Employee theft of insured drug stock

Coverage worth discussing

Professional liability

Accepted dispensing/counseling terms for insured pharmacy roles.

Commercial property

Accepted medication stock after covered physical loss.

Equipment breakdown

Covered internal failures of accepted pharmacy refrigeration.

Cyber liability

Covered patient-data response and accepted privacy claims.

Crime insurance

Defined employee theft of expressly insured pharmacy interests.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
