

IMAGE PROCESSING AND CUSTOMER ORIGINALS

A processor failure can delay prints.

You turn digital files or original media into finished prints. Equipment repairs, client-image incidents and customer-original values need distinct terms; recreating an irreplaceable image is not ordinary machine repair.

RISKS WORTH DISCUSSING

- 01 Internal photo-processing machine failures
- 02 Loss of entrusted original media
- 03 Client-image or payment-data breaches

Coverage worth discussing

Equipment breakdown

Covered internal failures of accepted photo-processing machinery.

Commercial property

Insured laboratory equipment after covered physical damage.

Cyber liability

Covered response to qualifying image-file or data incidents.

General liability

Covered customer injury from accepted lab-premises activities.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
